LONDON SW1A 0AA

October 2019

Dear Resident

Royston Health Services

I am writing to draw your attention to the fact that the Cambridgeshire and Peterborough Clinical Commissioning Group, which commissions health services for Cambridgeshire and Royston, has recently launched a 12 weeks' conversation with the local community to find out how you would like to access and use services for the future.

They are interested in how to use and organise the NHS differently and tackle costs and inefficiencies in the system, also how to show what difference a healthy lifestyle can make and involve more strategic planning in the years ahead.

The survey can be found at <https://www.surveymonkey.co.uk/r/R7B5S9G>

Section 11 offers an opportunity for you to highlight any ideas you believe would be helpful. A new NHS Health Hub for Royston would achieve their stated objectives and could be sited at the Royston Hospital, a longstanding ambition of many locally.

I do hope you will make your voice heard in this consultation, so that Royston's voice is heard for benefit of all Royston residents.

Best wishes

Yours sincerely
